| Cs 6045 Advanced Algorithms | CS 5040 and CS 5070 | 3 | |

A) : Student must complete 24 credit hours from Major Elective list. Students can select one concentration area and complete its requirements or have the option to select courses from the CS Major Elective lists. At least 18 credit hours must be from 7000-level or higher, excluding CS 7998 and CS 7999.

B) Students must complete 6 hours thesis (CS 7999), 3 hours research (CS 7998). In addition, student must complete 15 credit hours from Major Elective list. Students can select one concentration area and complete its requirements or have the option to select courses from the Major Electives list. At least 12 credit hours must be from 7000-level or higher. Students choose this model should work with a faculty thesis advisor. Thesis needs to be defended and approved by a thesis committee that consists of at least 3 members.
